EXPERIENCE

SENIOR ASSISTANT CONSULTANT - FRONTEND DEVELOPMENT

Oodles Technologies Pvt Ltd

Jun 2021 - Present

- Reduced labor required to manage casino lobby content by 50% through the development of a custom casino builder plugin for Strapi CMS, enabling drag-and-drop content creation.
- Developed a casino lobby that integrated with multiple game aggregators, ensuring seamless communication and a smooth gaming experience.
- Implemented a debug section to track event exchanges between the casino and game suppliers, simplifying the process of diagnosing casino configuration issues.
- Created an active preview feature in the casino builder, allowing real-time UI preview based on draft local state.
- Maintained the enterprise-scale CMS for WPT Global, facilitating new feature development with minimal impact on existing code.
- Designed and implemented a custom linting solution for Vue.js projects to detect missing or unused translation keys within the content dictionary.
- Build a platform with crypto wallet integration and NFT minting and auction. Providing users the ability to bid on NFTS. https://gamavrs.com/moments-auction

- Built an admin dashboard to set application config and add a filtering mechanism to show data.
- Build a platform to enable users to mint an NFT using native ether tokens and other stable coins. https://gamavrs.com
-

FRONT END DEVELOPER

Empass Learning Private Limited, Gurugram, Haryana
Feb 2021 - Jun 2021

- Designing interactive tests (MCQ, text-matching, etc)pages for kids on react, responsive for all screen sizeBuilt the logic for a streamlined ad-serving platform that scaled
